NOVACARTUSA.COM | INFO@NOVACARTUSA.COM | 877-896-6682

Novacart is the world leader in design, manufacture and distribution of paper products for the baking and confectionery industries. Our innovative engineering and state-of-the-art proprietary technology, the foundation of our quality products, serves customers from small corner bakeries to large commercial production facilities. Our product line ranges from baking molds and cups to pastry trays and gold cake boards and we are best known for our bakeable paper packaging. We are constantly improving and expanding our product line, which has led to innovations for the grab-and-go market, complete with snap on lids. We take pride in changing the face of bakery packaging.

Visit our website at www.novacartusa.com for more details on our product line.

Novacart USA is located in Richmond, California. Our state of the art baking cup and tulip cup manufacturing facility is located in Moorestown, New Jersey and has been in operation since 2007. Both U.S. locations offer warehousing and distribution capabilities and provide customers across North America with Novacart's full line of quality products accompanied with excellent customer service.

We are the US leader in tulip cup production and customization capabilities. If you are using an automated baking cup denesting system on your production line, our cups can be tailored to do just that. With our ability to customize the size and flare, our baking cups are able to run flawlessly on your new or existing system. We offer on site technical support to assist in perfecting the process.
